

5 Senses Imagery Builder (KS2)

How to use: Think about the moment, place, or object you are writing about. Use each box below to jot down powerful words and phrases. You don't need to use all five senses — choose the ones that work best for your poem.

■ ■ Sight – What can you see?	
■ Sound – What can you hear?	
■ Smell – What can you smell?	
■ Touch – What can you feel?	
■ Taste (optional) – What can you taste?	

Tip for writers: Choose the strongest images — poetry is about quality, not quantity.
